COMPACT

2022-2023

The compact is a written agreement that clarifies what families and schools can do to help children reach high academic standards. The compact serves as a clear reminder of everyone's responsibility to take action at school and at home so that children can learn what is required of them. It is a written commitment indicating how all members of a school community—parents, teachers, principals and students agree to share responsibility for student learning. The purpose of this agreement is to help parents and teachers come to a consensus on the responsibilities of the individuals influencing student achievement. Overall, if the compact is taken seriously and implemented effectively it will assure that there will be support for the academic success of the students by enhancing effective communications between school and home.

As an **Administrator**, I support this compact and will strive to do the following:

- ✓ Provide a safe environment for all children
- ✓ Provide a quality education through teacher support and training
- ✓ Model the 7 Habits
- ✓ Ensure that curriculum is rigorous, relevant, and engaging to meet the demands of 21st Century learners
- ✓ Create a climate of open communication among staff, students, parents and the community
